

Web Developer

The Company:

OmniPerception, a private British company founded in 2001, is a global supplier of computer vision capabilities, specialising in facial biometrics and advanced image processing. The company's software provides automated solutions for the recognition of objects and people in a wide range of customer applications.

The team is now expanding and we are looking for a web developer to join the company. The company provides a salary in line with experience and a comprehensive benefits package.

Job Specification:

You will work closely with other technical team members to develop web products and interfaces to existing and new technology being developed. The ideal candidate will have an eye for detail and be able to build robust user interfaces, components and solutions.

Essential Experience:

At least three years of commercial web development experience of:

- **HTML, CSS**
- **Javascript and JQuery**
- **C#**
- **MYSQL**
- **PHP**
- **SOAP, AJAX, DHTML, XHTML, JQuery**
- **XML**
- **Linux and Windows experience**
- **Knowledge of Flash, Graphics Libraries, Photoshop, UI design**

Benefits:

The benefits include

- 25 days annual holidays in addition to local statutory holidays
- Health and life insurance
- Pension Scheme

Further Information:

If you meet these requirements, we would like to hear from you. Please send your CV with a covering letter about yourself to recruit@omniperception.com.

OmniPerception Ltd is committed to equality of employment and the opportunities within employment.

Please note we are unable to apply for work permits on behalf of candidates. Candidates must have the right to work in the UK on a permanent and unrestricted basis.

Note for recruitment agencies: If you represent an agency please do not send CVs to anyone at OmniPerception in any format. OmniPerception is not liable for and will not pay any fees for any candidates submitted to them by any agency other than its agreed preferred supplier list. Any CVs sent to us will be considered your company's gift to OmniPerception and will be forwarded to our chosen recruitment partners for their attention.
